Dear Roger,

You will remember that I wrote to you in April explaining the reasons for the cancellation of Sheringham's visit to Washington and the Far East Bureaus. The position is now, I hope, clear, and if you are in agreement I would propose that his tour should take place during October and the beginning of November. The tentative dates are as follows:

| | | | |
|------------|--------|---------------|---------------------------------|
| Washington | arrive | 5th October | |
| | depart | 15th October | |
| Santa Rosa | arrive | 15th October | |
| | depart | 20th October | |
| Tokio | arrive | 22nd October | |
| | depart | 30th October | (to include 3 days at Hokkaido) |
| Okinawa | arrive | 30th October | |
| | depart | 6th November | |
| Saigon | arrive | 8th November | |
| | depart | 10th November | |

On hearing from you that these proposed dates are suitable, I will have the flights confirmed and let you know full details following that.

Our progress towards establishing a station in Nairobi is slower than I would like, but building has been started and I have hopes that it will be in full operation by the end of January. Meantime, we are exploring the possibilities of setting up a temporary operation out there because I am very anxious to start monitoring in East Africa as soon as we possibly can. We are endeavouring to get temporary premises for this purpose with a view if possible to getting some results towards the end of October. I will, however, keep you fully informed as to this.

With kind regards,

Yours sincerely,

J. T. Campbell
